ShenZhen, China - iLifeSoft announces Pavtube HD Video Converter for Mac to convert Panasonic HDC-TM700K 1080/60p MTS to Final Cut Express/Final Cut Pro for editing. Panasonic HDC-TM700K to FCE/FCP Converter Mac is an excellent software which can help you convert Panasonic HDC-TM700K 1080/60p to Final Cut Express/Final Cut Pro with high quality at fast speed.

Panasonic HDC-TM700K 1080/60p is the advanced camcorder came out in 2010 with 3MOS, 35mm wide-angle lens and 12x optical zoom. What's more, Its flash Memory is as large as 32GB. The letter K means black in Japanese, and sometimes the model is referred as HDC-TM700. Panasonic HDC-TM700K has perfect quality even though in low-light conditions, but it can't do anything when you put its file to Final Cut Express/Final Cut Pro to have editing.

As we know, the Final Cut Express/Final Cut Pro is a non-linear video editing application which is designed for editing of digital video as well as high-deifition video, like MOV, DV, HDV, MPGE4 and so on. Thus, when you want to edit Panasonic HDC-TM700K 1080/60p MTS file with Final Cut Express/Final Cut Pro, you must convert Panasonic HDC-TM700K to Final Cut Express/Final Cut Pro with a conversion software.

With experience, iLifesoft would like to recommend the Pavtube HD Video Converter for Mac to you, not only because the Pavtube HD Video Converter for Mac is the latest Converter that can convert Panasonic HDC-TM700K to FCE/FCP perfectly, but also it is the best conversion software.
