Have Fun Being An Angel With Mr. Loser: Average Day

Published on 12/23/10

Navigation-Info today announces Mr. Loser: Average Day 1.0 for the iPad. Created to provide users with a game that is equal parts entertaining narrative and mentally engaging action, this game lets players step into the shoes of an angel watching over an especially unlucky individual to save them from undue harm. Mr. Loser: Average Day is developed as a straight forward birds eye view style game with extremely smooth and well rendered game play.

Budapest, Hungary - Navigation-Info Kft., an emerging mobile developer, has today announced the release of Mr. Loser: Average Day for the iPad. Designed to provide users with an entertaining yet thoughtful distraction from their day, this game app offers users an engrossing interactive experience by mixing a clever comical story line with a number of extremely engaging strategic gaming elements. Structured to entertain a wide spectrum of audiences, Mr. Loser: Average Day is currently available for download on the iTunes App Store.

This mobile game masterfully blends puzzle game elements with a humorous storyline detailing the day to day life of an extremely unlucky guy. Users, stepping into the shoes of a guardian angel, are tasked with saving the game's main character - Mr. Loser - from a variety of pedestrian obstacles such as accidents at busy street intersections, and hazards that the many parks located in within the city he walks through. To aide Mr. Loser, users must find the right individual to help him overcome every dangerous situation he comes across safely.

Mr. Loser: Average Day is developed as a straight forward birds eye view style game. The game's graphics are basic but extremely smooth and well rendered. To add to this, the app itself has been optimized to run smoothly, eliminating lagging issues, unexpected shut downs, and program freezing during play. Driven by a humorous storyline and offering all the necessary elements needed to ensure that users have a highly entertaining mobile distraction that they can revisit time and again, Mr. Loser: Average Day is a game that no engaged mobile enthusiasts should do without.

Device Requirements:
* Compatible with iPad
* Requires iOS 3.2 or later
* 13.9 MB

Pricing and Availability:
Mr. Loser: Average Day 1.0 is only $0.99 USD (or equivalent amount in other currencies) and available worldwide exclusively through the App Store in the Games category.
