

## NineGaps 1.2 for iPhone Includes Many New Features

Published on 01/31/10

Quadion has announced a new release of NineGaps 1.2, it's popular award winning puzzler. This new version of the game includes many social features such as friend and global leaderboards, challenges, achievements and social notifications. The game was featured by Apple as "Best Math Puzzle Game" and "New and Noteworthy" during 2009 and achieved excellent reviews both from the press and gamers, topping charts in the Puzzle and Educational Games categories of the AppStore for several weeks.

Buenos Aires, Aregentina - Quadion has announced a new release of NineGaps, it's popular award winning puzzler. This new version of the game includes many social features such as friend and global leaderboards, challenges, achievements and social notifications.

The game was featured by Apple as "Best Math Puzzle Games" and "New and Noteworthy" during 2009 and achieved excellent reviews both from the press and gamers, topping charts in the Puzzle and Educational Games categories of the AppStore for several weeks.

### Feature Highlights:

- \* simple and unique puzzle-based gameplay
- \* cute graphics
- \* 5 difficulty levels
- \* unlimited brain burning puzzles
- \* global and friend leaderboards
- \* achievements
- \* challenges
- \* social notifications
- \* openFeint integration
- \* highly addictive and fun!

NineGaps is a highly addictive tricky puzzle game. The goal of the game is really simple. You have to use your wits to place numbers from 1 to 9 in the missing gaps, while matching the operations presented in the puzzle. It's just like sudoku, but different. Fans of Sudoku, KenKen and TwentyFour will feel right at home! Test your puzzle cracking skills with NineGaps today!
