Pigs VS Wolves is a new generation TD game which greatly impresses game players for its addictive gameplay and high replay value. Graves Robber is a new 3D RPG zombies-shooting game, comprehensively satisfies customers who are potty about zombie game, shooting game or RPG game.

Chengdu, China - After wowing all game players on Apple App Store with two new absolutely amazing iPhone games, Digiarty Software Inc. today is pleased to announce other good news. A time-limited special offer is applied to both of these two games, "Pigs VS Wolves" and "Graves Robber". Customers can get the games on their iPhone/iPod touch for only \$0.99 respectively, a "big" save for such delicate works.

"Pigs VS Wolves" (original price: \$1.99, now: only \$0.99) is a new generation TD game which greatly impresses game players for its addictive gameplay and high replay value.

This game fully challenges your ability to manage your resources and set up the "defense and attack" strategies. Surprises come along all the way because you never know what will happen in the next second. Even if you play the game again and again, things change if you change your stepping-stone. Besides, its varied characters and vivid animation endear the game to all game players.

"Graves Robber" (original price: \$4.99, now: only \$0.99), as a new 3D RPG zombies-shooting game, comprehensively satisfies customers who are potty about zombie game, shooting game or RPG game.

The smoothly designed 3D environment and fighting scenes make the game look like a Hollywood blockbuster in which the heroine Sara goes to a dreadful island in order to get six crystal skulls. Along the perilous journey, she needs to kill all zombies who protect the skulls. Diverse powerful weapons, intuitive touch-screen controls and dazzling burst effect will bring you brand new 3D game experience.

"Our games were well reviewed the moment that it appeared on some reputable iPhone game websites. To thank customers' favor and kind suggestions, we launch this promotion." said Jack, CEO of Digiarty Software, "We wish our games not only 'worth the price', but also 'above the price's worth'."
