Social Fun Box has one purpose - to increase fun for Facebook and Twitter users. It incorporates colorful and expressive symbols with an easy to use and feature rich interface that allows for the sharing of photos, location maps, gift sending and more. Users can now replace their boring text notes with bright, noticeable posts.

The Social Fun Box app offers seven full features for one low price. With the built-in special keyboard, users have access to social marketing tools that will increase their enjoyment when posting updates to their Facebook and Twitter accounts. Their readers will appreciate the improvements, as well.
