

## Keynote Zone releases Collection of Keynote Themes

Published on 03/01/10

Keynote Zone today announces KeynoteZone Collection 7. All the best of Keynote Zone themes are now available for special price. Keynote Zone Collection 7 includes seven HD version themes. Each theme comes in 5 sizes, and you get everything you need for standard resolution, classic format projection, HD Projection systems or HD screens. Keynote Zone is a developer of professionally designed ready-to-use themes for Apple's Keynote application.

Vilnius, Lithuania - Keynote Zone, the developer of professionally designed ready-to-use themes for Apple's Keynote application, today is pleased to announce KeynoteZone Collection 7. This entire collection of Keynote Zone themes is now available for special price. Keynote Zone Collection 7 includes seven HD version themes - so you get everything you need for standard resolution, classic format projection, HD Projection systems or HD screens. Each theme comes in 5 sizes (800x600, 1024x768, 1280x720, 1680x1050, 1920x1080).

Keynote Zone Collection 7 includes:

### CorkBoard HD theme

The lively and simple CorkBoard theme gives you a chance to arrange your presentation as if you are simply placing different notes and pictures on a real board. The theme includes 33 layouts, custom designed charts and tables.

### Comics HD theme

The Comics theme's layout based on hand-drawn picture frames and word balloon shapes creates a well recognizable comics style. The theme includes 22 layouts, custom designed charts and tables. Comics standard version theme is available as free download at Keynote Zone site.

### Metal HD theme

A unique technology based theme with custom designed transitions. Ideal for presentations that require a clean contemporary look. The theme includes 45 layouts, custom designed charts and tables. Metal HD version theme includes unique custom designed opening and closing metal door transitions that you can place on your slides as openers or closers.

### Rounded HD theme

Eye-friendly, color oriented theme, based on rounded forms that create a soft and cozy atmosphere. The theme includes 44 layouts, custom designed charts and tables. Rounded HD version theme includes three complete themes, each in its own complete color palette.

### Corporate HD theme

Adaptable, general-purpose theme with a clear business-casual aesthetic that will match your professional content. The theme includes 40 layouts, custom designed charts and tables.

### R&W HD theme

Elegant and luxurious Keynote theme that combines modern and classical looks and represents aesthetic and passion for excellence. The theme includes 40 layouts, custom designed charts and tables.

### Paper HD theme

Paper theme suggests the traditionally simple and clear design that brings the paper back into the digital age. The theme includes 40 layouts, custom designed charts and tables.
