XChange International, the source for extended technology worldwide, are pleased to announce the release of the new Markzware PUB2ID plug-in for Adobe InDesign. PUB2ID (Microsoft Publisher to Adobe InDesign) provides a quick, easy and affordable method for users to migrate all of their Microsoft Publisher content into new Adobe InDesign documents.

XChange International, the source for extended technology worldwide, are pleased to announce the release of the new PUB2ID plug-in for Adobe InDesign. PUB2ID (Microsoft Publisher to Adobe InDesign) provides a quick, easy and affordable method for users to migrate all of their Microsoft Publisher content into new Adobe InDesign documents. The conversion is enabled with a single command using the InDesign File->Open menu. For users, the plug-in means no more re-creating documents from scratch, instantly saving time and money.

PUB2ID translates the intricate details of the content within the Microsoft Publisher document and instantly re-creates it within InDesign. Items converted from Publisher include: page size, positioning, colour models, fonts and styles, text attributes and tables, layers, word wrap, linked text boxes as well as automatic extraction of images embedded in the Publisher file.

The PUB2ID (Microsoft Publisher to Adobe InDesign) document conversion technology will save users countless hours of scanning, re-keying and formatting. This product converts and transforms files created with Microsoft Publisher into an Adobe InDesign file on either Macintosh or Windows platforms.
