TimeStream Software announces free downloads of its new "Alice's Adventures in Wonderland" Notescast for the iPod Classic, iPod nano and iPod Video. Available as a free download for a limited time, it's the classic tale of Alice's journey down the rabbit hole filled with some of the most notable and interesting characters in literary history, and now iPod owners can read it wherever they go on their iPod Classic, nano or Video.

Portland, Oregon - TimeStream Software announces free downloads of its new "Alice's Adventures in Wonderland" Notescast for the iPod Classic, iPod nano and iPod Video. Available as a free download for a limited time, it's the classic tale of Alice's journey down the rabbit hole filled with some of the most notable and interesting characters in literary history, and now iPod owners can read it wherever they go on their iPod Classic, nano or Video. The iPod features a screen wider than the iPhone's, and no Wi-Fi or Internet access is required.

"To our knowledge, this is the first time 'Alice's Adventures in Wonderland' has ever been developed specifically for the iPod's Notes feature." said Mike Westby of TimeStream Software. "We're pleased to have this classic story join our other popular Notescast titles in turning the iPod into an eReader."

iPod owners may download the new "Alice's Adventures in Wonderland" Notescast to their iPods free of charge for a limited time at the Notescasts web site.
