

iPadiTouch Website Released Exclusively for iPad Lovers

Published on 04/14/10

iPadiTouch has announced the launch of their website. iPadiTouch is the premier source for Apple iPad news, reviews, tips, tutorials, games and apps. The site publishes dozens of news stories related to Apple, iPad, and the Mac industry, tracks the latest developments in the computer, and iPad markets.

Scottsdale, Arizona - iPadiTouch, a professional iPad news blogger, recently announces the launch of their website, iPadiTouch. The site is the premier source for Apple iPad news, reviews, tips, tutorials, games and apps. iPadiTouch publishes dozens of news stories related to Apple, iPad, and the Mac industry, tracks the latest developments in the computer, and iPad markets.

"We are very enthusiastic to release iPadiTouch, opening the iPad multimedia market to Apple fans." said Andy Lee, CEO, iPadiTouch. "This is a tremendous opportunity for iPadiTouch to offer useful and valuable information for a growing iPad market and to be iPad news specialist."

The 9.7-inch high-resolution screen makes iPad perfect for watching HD movies, TV shows, podcasts, music videos, and more. To solve the most new and fundamental problem faced by amateur videographers everywhere - how to quickly and easily watch DVD movies to the new iPad, iPadiTouch provides the best way to rip and convert DVD to iPad with detailed step-by-step guide.

Consumers who avail themselves of this website will also derive lots of benefits. They would be able to get stuff like the best and free iPad applications, the best and free iPad games, wallpapers, get inspired with their useful tips, how-to articles, and get the latest news on Apple industry news .Furthermore, customers will be pleased with the simple, friendly interface, the quick conversions and fast processing of iPad tools from iPadiTouch.
