Paris, France - Coladia today is pleased to announce the full version of its adventure game Secret of the Lost Cavern 1.0, for iPhone and iPod touch. The game was previously only available in 4 episodes. People can now enjoy the full game in a single application. Episode 1 is still available for free to allow players to discover the beginning of this fantastic prehistoric adventure.

Secret of the Lost Cavern is a Point & Click adventure game that plunges the player into an inspiring journey that takes place during the Paleolithic period in prehistoric time, 15,000 years B.C. The gameplay and each puzzle were redesigned to take unique advantage of the touch capabilities of the iPhone. 3D graphics and videos were also optimized for an unparalleled visual quality on mobile devices. Secret of the Lost Cavern works on iPad, in iPhone mode. A full iPad HD version of the game is scheduled for late Q2.

Story: 15,000 B.C. Strange symbols found while hunting remind Arok of an encounter with a charismatic traveler a long time ago. In order for him to find his long-forgotten friend, the most brilliant painter of Prehistoric times, Arok begins a long and perilous journey. Play as Arok and enter a fascinating and bewitching Stone Age adventure.

Learn about Prehistoric life, follow the path of your mentor and work with him to recreate the paintings of the renowned Lascaux Cave. Venture through a wild time and decipher the symbols left by our ancestors. Hunt, fish, cut stones, paint animated frescoes and take part in mysterious shamanist ceremonies to win your place among the Lascaux Cave artist tribe. Will you be able to come through our ancestors' secrets and survive in this wild and harsh world?
