Vilnius, Lithuania - iPresentee, the developer of add-ons for Apple's iWork and iLife applications, has just launched new animated themes for Apple's iWeb 2.0.

iPresentee is offering five high quality, easy to modify, colorful, solid, mysterious, animated and playful iPresentee iWeb Themes to help you make the right decision developing great-looking website with iWeb 2.0. Five different themes are available: Black Space, Playable, Elegance, Photographer (with animation) and Orange Light (with animation). To get started just buy, download, install the theme, choose the perfect theme for you, and create a website that is uniquely yours.

Shiny and solid Orange Light iWeb theme comes with chronometer animation. Elegant and modern Photographer iWeb theme comes with globe animation. Globe and chronometer animations attracts your visitors attention and brings liveliness to your website. Mysterious and solid Black Space iWeb theme will attract your visitors with its special spirit.

If you are seeking for more colors and liveliness for you website iPresentee Playable iWeb theme is the right one for you. Create elegant website with iPresentee iWeb Elegance theme. Choosing this theme, your website will be stylish with a dreamy atmosphere.

Each individual iWeb theme is priced at \$6.99. The package of all five themes is also available for \$16.99. Also we would like to remind that iPresentee Keynote Animations are priced at \$9.99 (65% discount, until March 31).
