

Dutch Skies 360 Volume 3 DVD - The ultimate HDRI sky stock panorama's

Published on 09/29/10

Bob Groothuis today released a DVD called Dutch Skies 360 Volume 3, with affordable Royalty free HDRI images of Dutch Skies 360. The images, with the famous Dutch Light, can be used for Visual effects, 3D, architecture, game development etc. The Dutch Light is famous all over the world. The great painters captured the Dutch light in their paintings. Today there is a online shop that will bring the future version of the Dutch Light in the form of Dutch Skies 360 to the customers.

Scheveningen (The Haque), The Netherlands - Bob (RW) Groothuis has released a DVD called Dutch Skies 360 Volume 3, with affordable Royalty free HDRI images of Dutch Skies 360. The images, with the famous Dutch Light, can be used for Visual effects, 3D, architecture, game development etc.

The Dutch Light is famous all over the world. The great painters captured the Dutch light in their paintings. Today there is a online shop that will bring the future version of the Dutch Light in the form of Dutch Skies 360 to the customers. The Dutch Skies 360 are affordable - Royalty free - HDRI images that will be available in the sIBL 2.0 format. The images can be used for Visual effects, 3D, architecture, game development etc.

Also with the launch of the Dutch Skies 360 Volume 3 DVD there is a free Dutch Skies 360: The annual Free Dutch Skies 360 2010 Edition. That free version is available for everyone and may be used for commercial work without charge.

Pricing and Availability:

The DVD contains 36 plus 3 bonus sIBL 2.0 sets. The DVD costs \$124,99 (USD) or 99.99 Euro (excl VAT, Shipping and handling costs). The Licenses are Royalty free. After online payment the DVD will be sended by postal service. After online payment the HDRI/sIBL about 18 images are immediately available for download. The download link will be included in the confirmation e-mail. All images have big previews in the online shop (What you see is what you get).
