Published on 10/26/10

iPresentee today announced iWeb Themes 10 - Holiday Bundle to be used with Apple's Web site building application. iWeb Themes 10 adds twenty five amazing holiday into themes. iWeb Themes 10 includes themes for Halloween, Christmas, New Year, Valentine's Day and Easter holiday. The new release extends iWeb themes collection up to 105 themes. iPresentee's themes incorporate a series of layered images which are customizable, replaceable, or removable.

Vilnius, Lithuania - iPresentee, the largest supplier of high quality iWeb themes, today announced iWeb Themes 10 - Holiday Bundle to be used with Apple's Web site building application, iWeb. iWeb Themes 10 adds twenty five amazing holiday into themes. Tailor your iWeb site to the season! Everybody probably knows what they would like to say in their holiday message. Bring relatives and friends up to date about the holiday events with a Website created in iWeb.

Halloween is coming! If there is ever a time for the beauty of ugliness and the delight of terror, Halloween must be it. Therefore iPresentee presents iWeb themes designed especially for Halloween and other holiday events. Create a unique Halloween invitation message on your site and invite your friends, family members, colleagues or others to join the Halloween party. iWeb Themes 10 includes themes for Halloween, Christmas, New Year, Valentine's Day and Easter holiday.

The new release extends iWeb themes collection up to 105 themes. iPresentee gives more creativity options for iWeb users building their web sites. A unique aspect of iWeb themes is that the backgrounds are pretty customizable. Instead of using a static background image that iWeb does not allow users to edit or replace, iPresentee's themes incorporates a series of layered images which are pretty customizable, replaceable, or removable. All themes incorporates endless background, therefore website can be filled with different amount of information.

Additionally, iWeb themes offers more templates than any default theme. Changing the look and feel of the site is an important aspect of a websites maintenance. It is imperative in an ever changing environment to be ready to change the website content and design to reflect what is happening in the world or personal life. iPresentee iWeb themes are easily changeable to keep the site content fresh. Moreover iPresentee offers so many themes to choose from, there is something here for everyone. To get started just download, install and pick the perfect theme. Choose a well-designed theme and you will end up with a website that people will remember, bookmark, revisit and recommend to all their friends.

Minimum Requirements:

- * Mac OS X 10.4.3 Tiger and later
- * iWeb 2.0 (iLife 08) or iWeb 3.0 (iLife 09 or iLife 11)
