

## Customers of MacGraPhoto 2 to get 50% discount on selected applications

Published on 11/15/10

Apparent Software today announces the launch of their MacGraPhoto 2 bundle. MacGraPhoto 2 offers Mac users 9 premium graphics applications for the price of one or even for free. Applications in MacGraPhoto bundle will satisfy most of imaging needs of most Mac users, including vector drawing, designing brochures, smart screen capturing, creating great-looking HDR photos, preparing photos for print and framing them, creating posters and postcards and more.

Ashdod, Israel - Apparent Software announced today the extension of its offer for MacGraPhoto 2 buyers with an additional 50% discount on leading Mac applications, including Pixelmator image editor, professional color-matching application ColorSchemer Studio, PDFClerk Pro - application for powerful PDF manipulation and Cashculator - Apparent Software's unique personal finance application. These add up to almost \$100 in additional savings over the regular MacGraPhoto 2 promotion, that offers over \$400 of savings. The offer is valid until the end of the sale on November 30.

MacGraPhoto bundle is focused exclusively on graphics: it is a hand-picked selection of 9 premium graphics & creative applications for the price of one application (\$39.99). Many of the included applications are best in their class and widely known in Mac graphics community. 7 applications have won official Apple awards. All applications participating in the bundle are full versions without any limitations:

- \* Sandvox by Karelia Software - Apple Design Award Winner Website building application
- \* AtomicView by AntZero - Digital content management (Apple Staff Pick)
- \* Posterino 2 by Zykloid Software - Compose posters from multiple photos (Apple Staff Pick)
