

## MoneyWell 1.3 Adds Scheduled Transactions and Multiple Currencies

Published on 04/16/08

No Thirst Software LLC is excited to announce the release of MoneyWell 1.3, its popular personal financial application for Mac OS X. MoneyWell gives users powerful personal finance organization and analysis tools in a simple, single-screen solution. Version 1.3 improves MoneyWell's "envelope-style" budgeting interface by adding scheduled transactions, multiple currencies, reports, exchange rates, and dozens of other enhancements.

The Woodlands, Texas - April 16, 2008 - No Thirst Software LLC is excited to announce the release of MoneyWell 1.3, an important update to its incredibly popular personal financial application for Mac OS X. MoneyWell gives users powerful budget, cash flow, and analysis tools in a simple, single-screen solution.

With this newest release, MoneyWell has simultaneously become more powerful and more international, with four new reports, scheduled transactions, and multiple currencies with user-defined exchange rates. In addition to the two dozen new features, much of the existing functionality has also been improved, including more detailed cash flow graph visuals, added intelligence to allocate income, and better duplicate matching on OFX and QIF imports.

### Additional Improvements:

- \* Repeating transactions with Apple iCal ease of use
- \* Drag and drop sequencing of accounts
- \* New smart bucket to view last imported transactions
- \* Reconcile improved with "smart date" technology
- \* Income buckets can be grouped for income allocation
- \* Context menus added for accounts, buckets, and transactions
- \* Detailed graph column tool tips adding money flow and rollover values
- \* Quick pick report filters by transaction date and active views
- \* Ability to hide seldom used accounts and buckets
- \* Many, many more visual and flow improvements

### Minimum Requirements:

- \* Mac OS X Version 10.4 Tiger or higher
- \* Universal Binary for PowerPC and Intel
- \* 6.9 MB Hard Drive space

### Pricing and Availability:

MoneyWell 1.3 is a free upgrade for all 1.x users and is still available to new users at the introductory price of \$39.99 USD through the No Thirst Software website. Users may download a free trial that is limited to 200 transactions and try MoneyWell before buying.

In its first month on the market, there were more than 140,000 downloads of the MoneyWell trial. "This incredible immediate interest in MoneyWell shows that people are hungry for a better way to manage their finances," said Kevin Hocter, president of No Thirst Software LLC, "Our response to this demand has been to quickly turn around new releases containing the top requested features as well as post video tutorials to teach users how to get the most out of MoneyWell."
