

## **Free Webinar: Create an Online Social Network with FileMaker Pro**

Published on 05/21/08

FMWebschool presents a free how-to webinar on building an online Social Networking website powered by FileMaker Pro. Millions of individuals and businesses use Social Networking sites to network and connect with friends and foster new business relationships. This free webinar is a step-by-step demonstration of how to build your own Social Networking website with FileMaker Pro. Attendees receive a free copy of all sample files created during the webinar.

Richmond, VA - FMWebschool, Inc., Announces a "Free Webinar - Create an Online Social Network and Bulletin Board with FileMaker". Social Networks are all the rage. Millions of people around the world flock to Social Networking websites to chat and upload pictures.

Social Networking has also played an integral role for businesses. Businesses use Social Networking to meet alike professionals, network, market their businesses as well as introduce new products and ideas to a community.

In this exciting free webinar, FMWebschool will demonstrate how to build a combination Social Networking | Bulletin board for your website. You will learn how to create login systems, enable online conversations, upload and download images and more.

Webinar attendees receive a copy of the website and database files. That's right; you receive all of the files that we created during the webinar. The files are completely open and you can modify them to your own personal preferences.

FMWebschool focuses on presenting innovative webinars that focus on real world application. If you would like to learn more about the power of FileMaker, and how to develop database driven websites, join us on June 10th for this exciting webinar.
