

## **Tropical Software Releases TopXNotes 1.7 with improved sync**

Published on 01/19/11

Tropical Software today announces TopXNotes 1.7, an update to their award-winning personal note manager with improved NoteSync is now available. TopXNotes builds on previous releases which modernized the User Interface and many cosmetic improvements. Version 1.7 streamlines the sync setup process and improves how it interacts with the latest iOS on Apple touch devices.

Atlantic Beach, Florida - Great News! Tropical Software today is proud to announce that TopXNotes 1.7 with improved NoteSync is now available. Version 1.7 is our most stable, easiest to use version of TopXNotes ever, with performance enhancements, bug fixes, and an improved NoteSync process that is a snap to set up, and will keep your notes synchronized between TopXNotes for Mac and TopXNotes Touch for iPhone and iPod touch.

TopXNotes 1.7 is the latest update to Tropical Software's award-winning personal note manager for Macintosh. Version 1.7 includes improved note synchronization (NoteSync) with Apple touch devices including iPhone, iPod touch and iPad. This capability will sync between one Mac running TopNotes 1.7 and TopXNotes touch. Now you can take your notes with you no matter which Apple touch device you are using!

This improved version builds on major updates added to TopXNotes 1.5 which included a new, taller and customizable toolbar that makes TopXNotes even easier to use by putting the most frequently used tools at the user's fingertips. The NoteOrganizer was also redesigned with a new striped background making it easier to focus on and select individual notes from the list. Note icons have also been redesigned and support for two-finger scrolling has been added. TopXNotes version 1.7 includes other minor changes, improvements and enhancements.
