GizMac Accessories Sends Hundreds of Free Titan Clear iPod Cases to Loyal Customers.

Torrance, CA – March 30, 2007 – GizMac Accessories, designer and manufacturer of innovative products for the iPod, gives away hundreds of free iPod cases.

GizMac Accessories has sent out hundreds of their recently released Titan Clear iPod cases for the second generation Nano for free. The Titan Clear free iPod cases were mailed to GizMac customers who had previously purchased GizMac's Titan Gear iPod accessories before March 9, 2007.

Because the new Titan Clear case was designed to use the same accessories that ship with the previous Titan products, customers receiving the free Titan Clear iPod case now have the equivalent of the complete Titan Clear package. These customers can continue to wear or carry their iPod Nano in four different ways while the free Titan Clear case will protect their Nano at the same time.

"GizMac Accessories did not want to tell our customers that the free iPod cases were being sent," explained Jessica Urbanovit, Sales Administrator for GizMac Accessories, "the GizMac management wanted to give free Titan Clear iPod cases as a nice surprise and thank you to our loyal customers."

Titan Clear is a tough, clear polycarbonate iPod case for the 2nd generation Nano. Titan Clear's hard shell protects the iPod from scratches and other minor damage. Armband, belt clip, carabiner clip and lanyard accessories are all included with the Titan Clear.

The Titan Clear iPod case for the 2nd generation Nano has a US retail of \$24.99 and is available from the GizMac web site and authorized resellers. Additional information about GizMac and current products can be found on their web site at <http://www.gizmac.com>.
