

iPresentee expands iWeb templates for Business collection

Published on 03/09/11

iPresentee today releases iWeb Themes for Business 8.0 to be used with Apple's Web site building application. iWeb Themes for Business includes five new superb themes available now: Bakery, Herbs, Hair Stylist, Movie and Clothes. Designed for casual and business use, the new release extends iPresentee's iWeb themes collection up to one hundred fifteen themes. All themes incorporate a series of layered images which are very customizable, replaceable, or removable.

Vilnius, Lithuania - iPresentee, the developer of add-ons for Apple's iWork and iLife applications, today releases iWeb Themes for Business 8.0 to be used with Apple's Web site building application, iWeb. iWeb Themes for Business 8.0 includes five new superb themes available now: Bakery, Herbs, Hair Stylist, Movie and Clothes. The new release extends iPresentee's iWeb themes collection up to one hundred fifteen themes designed for casual and business use. iPresentee offers so many themes to choose from, there's something here for everyone.

Apple's goal with iWeb is to give home and non-professional users an easy way to create and update lively, personal Web sites without needing to know the harsh mechanics of complex Web building technologies. iPresentee adds themes to give more creativity options and extends variety of templates to choose from. It's amazing how simple it is to start your Web presence. There are many small business representatives, which are delaying getting a website for their business and thinking that they don't have the budget, time or skills. It is time to change the attitude, because creating the website using iWeb Themes for Business, is easier then ever.

A unique aspect of iWeb themes is that the backgrounds are very customizable. Instead of using a static background image that iWeb does not allow users to edit or replace, iPresentee's themes incorporates a series of layered images which are pretty customizable, replaceable, or removable. iWeb Themes for Business are outstanding templates because of high quality websites elements are made with precision, simplicity of modification, great variety of page layouts. Each theme includes eight or twelve templates per theme. iWeb Themes for Business can be easily customized, and still retains the perfect design. All themes incorporates endless background, therefore website can be filled with different amount of information. To get started just download, install, choose the perfect theme, and create a website that is uniquely yours.
