Seattle, Washington - Spiderweb Software today is pleased to announce the v1.0.1 update of Avadon: The Black Fortress, a free upgrade to the Macintosh fantasy role-playing adventure. This upgrade fixes a number of irritating bugs and balance issues, as well as a handful of fearsome typos. Installing this update is a very good idea.

Avadon: The Black Fortress is an epic adventure in a strange and dangerous world. You are a spy and warrior, tasked to fight the enemies of your homeland. As a servant of the Black Fortress, your word is law. Gain power and influence, experience an exciting adventure, and battle a conspiracy to destroy your people.

You are an agent of Avadon. The Black Fortress. Outside your lands, there are limitless threats. Barbarians. Fading, jealous empires. Titans and unspeakable horrors. The warriors and spies of Avadon are sent to keep them weak and divided. Your resources are unlimited, and all must obey you.

But a dark time is coming. Assassins are killing Avadon's warriors, and hidden enemies plot to unite all of your homeland's foes. If you cannot discover and destroy this conspiracy, and soon, your people face total destruction. But beware. The assassins will soon come for you ...

Avadon: The Black Fortress is an epic fantasy role-playing adventure in an enormous and unique setting. You can choose from four different character classes, each with dozens of unique spells and abilities. Explore cunning dungeons, hunt for hundreds of magical artifacts, and travel through an enormous world, full of secrets. Avadon features many different endings. Your choices will change the world, and there is plenty of replay value.
