

## **PulpMotion 1.0.6 adds three new Corporate Themes**

Published on 04/02/07

MONTPELLIER, FRANCE - APRIL 2nd 2007 - Aquafadas announces the availability of PulpMotion

1.0.6 with 3 brand new themes: stunning 3D slideshow, Black Museum and Torn Paper. Improved viewing of media files and support of iMovie projects have also been added to this new version.

PulpMotion, a new Mac OS X application from Aquafadas gives users a simple yet powerful new option for designing and sharing, in a few clicks, striking media montages that integrate personal photos, videos and music. A whole new era for photos and videos slidedowns...

The animations produced with PulpMotion can be emailed through an interactive postcard, loaded onto an iPod, used as a personalized screensaver, exported as high quality QuickTime movies, or published to a website using iWeb.

### Price & availability

PulpMotion is available immediately for download from the Aquafadas web site, <http://www.pulpmotion.com>. The price of \$29.90 or 25 euros applies to a single user license.

PulpMotion 1.0.6 and the new 3D slideshow, Black Museum and Torn Paper themes are free for registered Pulpmotion users and can be downloaded from the application itself or from the theme gallery: <http://www.pulpmotion.com/gallery.php>
