

Candywriter brings voices to all 21 Imagine Poker Mac characters

Published on 07/25/08

Candywriter today announced the release of Imagine Poker 3.6 for the Mac. Candywriter teamed up with Los Angeles-based Fearnot Music Studios to bring voices to all 21 Imagine Poker Mac characters as featured in the current iPhone/iPod Touch version of the game. Imagine Poker allows players to pit their wits against 21 infamous characters from history, mythology, and legend. The game features interactive opponents and an adaptive artificial intelligence engine.

Seattle, WA - Candywriter today announced the release of Imagine Poker 3.6 for the Mac. Candywriter teamed up with Los Angeles-based Fearnot Music Studios to bring voices to all 21 Imagine Poker Mac characters as featured in the current iPhone/iPod Touch version of the game.

Imagine Poker allows players to pit their wits against 21 infamous characters from history, mythology, and legend, including Cleopatra, Robin Hood, Abraham Lincoln, Dracula, Napoleon, the Grim Reaper, and many more. The game features interactive opponents and an adaptive artificial intelligence engine.

Embedded within Imagine Poker is Candywriter's Poker Ghost software that provides detailed mathematical analysis of a poker hand at any given time.

"This game truly has something for everyone, and can be appreciated by players at any level." - MacPokerTools

Minimum Requirements:

- * Mac OS X Version 10.3.9 or higher
- * Universal Binary for PowerPC and Intel
- * 78 MB of Hard Drive space

Pricing and Availability:

A fully functional free trial of Imagine Poker is available for download. The full version of the software can be unlocked for \$19.95 USD.
