Pembroke Dock, United Kingdom - Seraphina Elvenstone, the artist and author behind Heartfelt Messages from the Soul Oracle, has been busy creating 36 handcrafted bonus cards to add to the v2.0 update, almost doubling the deck to 80 cards.

"I feel the name Angel Love Hearts better reflects the nature of this new deck," said Seraphina, the artist and author behind Heartfelt Messages from the Soul Oracle. "The new cards have an angel theme, whereas the existing cards are all based on love. I hope the name change won't confuse people."
