Hutto, Texas - Macgamestore today announced that Clue Classic is now available for the Macintosh. Clue Classic is a new casual game developed with Hasbro and GamesCafe, Inc. and published by RealGames.

Solve the mystery that's kept everyone guessing for more than 50 years. Col. Mustard, Prof. Plum, Miss Scarlet and the rest of the usual suspects have gathered together in stately Tudor Mansion to determine who killed Mr. Boddy, where the murder was committed, and how it was done. Was it Mr. Green in the Hall with the revolver? Or perhaps it was Mrs. Peacock in the ballroom with the lead pipe?

With six suspects, six possible murder weapons and nine rooms in the mansion, there are hundreds of possibilities, and plenty of clues to investigate. A family favorite for generations of gamers, CLUE Classic is a whodunit you'll want to solve again and again.
