Dare to be Creative today announced the release of ResizeMe 1.3, the batch image and photo editor for Mac OS X Tiger and Leopard. The new version ships with a German localization as part of the company's global expansion plans, and following popular demand from users in Germany, Austria and Switzerland.

Vienna, Austria - Dare to be Creative today announced the release of ResizeMe 1.3, the batch image and photo editor for Mac OS X Tiger and Leopard. ResizeMe is a productivity tool that can resize, scale, rotate and flip many images and photos at once. The new version ships with a German localization as part of the company's global expansion plans, and following popular demand from users in Germany, Austria and Switzerland.

The localization is part of the company's global expansion plans that involves making applications more international. "The demand for localized versions is huge - both by existing users and new potential customers - so by translating our applications we aim to strengthen our existing customer base as well as reach out to a previously untapped market audience," explains Philipp Mayerhofer, Chief Operational Officer of Dare to be Creative.

ResizeMe is the third application to be released with a German localization, following the release of iArchiver 1.4 last week and Dragoman 1.4 earlier this week. Localizations for French, Spanish, Italian and Russian are planned for November 2008.

Features in a nutshell:
* Batch image editor that resizes, scales, rotates and flips (horizontally and vertically) images and photos
* Handles the popular image formats JPEG, PNG, TIFF, PDF, JP2, SGI and TGA
* Store and organize favorite image edits as bookmarks
* Easy drag and drop interface
* Preserves EXIF data
* Built-in, automatic self updates that inform users when new versions are available

Minimum Requirements:
* Mac OS X Version 10.4 or higher
* Universal Binary for PowerPC and Intel

Pricing and Availability:
ResizeMe is $19.95 USD, and available as a free download from Resize-Me.com. It runs initially in a 10-day trial mode with all features active. This is a free upgrade for registered users.

Special offer:
For a limited time, the new ResizeMe version will be available for a discount in a bundle with Renamer4Mac, the popular file renamer, and Dragoman, the universal file converter. The bundle is priced at $49 USD ($26 below retail price) and is available at MacSnack.
