

## CuteTag App Now Optimized for iPad

Published on 09/18/11

Offsiteteam Corp. has announced CuteTag Pad 1.0, your personal knowledge base app optimized for iPad. Managing your personal info might be so easy and comfortable with CuteTag - iPad app for taking notes, organizing thoughts and ideas, keeping business cards, saving To-Dos, pictures etc. We do not require a permanent internet connection, but all your data might be backed up to our web-cloud, which prevent it from being lost. Your data might be accessed from the web-browser by our web-interface.

Miami, Florida - Offsiteteam Corp. has announced CuteTag Pad 1.0, your personal knowledge base application optimized for iPad. Managing your personal info might be so easy and comfortable with CuteTag - iPad app for taking notes, organizing thoughts and ideas, keeping business cards, saving To-Dos, pictures etc. We do not require a permanent internet connection, but all your data might be backed up to our web-cloud, which prevent it from being lost. Your data also might be accessed from the web-browser by our web-interface.

CuteTag also offers a possibility to draw a map of your data based on your tags which allows to handle bigger amount of personal notes a lot easier than before.

The key features of CuteTag for iPad are:

- \* Taking full advantage of the iPad's large screen
- \* Building a visual map of your notes
- \* Back-up data to our secured web-cloud (beta) with possibility to export to Excel format
- \* Favorite tag option
- \* Keeping text, pictures and voice
- \* Sending records by email
- \* Add, Edit and Remove tags

CuteTag Pad is free to download but when 50 records limit is reached you can upgrade CuteTag app to a full version with no ads through in-app purchase. Now CuteTag Pad app is available in English, German, Japanese and Russian.

Device Requirements:

- \* Compatible with iPad
- \* Requires iOS 4.2 or later
- \* 4.0 MB

Pricing and Availability:

CuteTag for iPad 1.0 is free and available worldwide exclusively through the App Store in the Productivity category.
