

## **Cocktail 4.2 (Leopard Edition) has been released**

Published on 10/21/08

Maintain has announced Cocktail 4.2 (Leopard Edition). Cocktail is an award winning general purpose utility for Mac OS X. The application serves up a scrumptious mix of maintenance tools and interface tweaks, all accessible via a comprehensive graphical interface. This version adds ability to search and delete corrupted preference files, adds a searchable database of Mac OS system error codes, adds a list of commonly used network ports and improves the clear log files procedure.

Maintain has announced Cocktail 4.2 (Leopard Edition). Cocktail is an award winning general purpose utility for Mac OS X. This version adds ability to search and delete corrupted preference files, adds a searchable database of Mac OS system error codes, adds a list of commonly used network ports, improves the clear log files procedure, fixes a number of minor bugs discovered in the previous release, contains some interface improvements as well as updated Help files and Automator actions.

The update is strongly recommended for all users of Cocktail (Leopard Edition).

Cocktail 4.2 (Leopard Edition) is distributed as a Universal Binary and runs natively on both PowerPC and Intel Macs. Cocktail 4.2 (Leopard Edition) requires Mac OS X / Mac OS X Server 10.5 or later and is tested for compatibility with Mac OS X and Mac OS X Server 10.5.5.

Cocktail 4.0.2 (Tiger Edition) for Mac OS X 10.4.x and Cocktail 3.7 (Panther Edition) for Mac OS X 10.3.x are available for download from our website.

Cocktail is an award winning general purpose utility for Mac OS X. It is a smooth and powerful digital toolset with a variety of practical features that simplifies the use of advanced UNIX functions and helps hundreds of thousands of Mac users around the world to get the most out of their computers.

The application serves up a scrumptious mix of maintenance tools and interface tweaks, all accessible via a comprehensive graphical interface. Most of Cocktail's major features are arranged in five basic categories. In addition, a Pilot lets you clean, repair and optimize your system with one click of the button.
