

Pages Templates App Presents 100 Pages Themes On The Mac App Store

Published on 09/29/11

Pages Templates App, the developer of add-ons for Apple's Pages application, has launched 100 new Pages themes. All the templates are grouped to 9 categories of documents for Brochures, Business Cards, Cards & Invitations, Envelopes, Flyers, Forms, Letters, Newsletters and Reports. Pages Themes are ready-made solutions to documents' design, which can be used as a basis for great looking, easy to compose and high-quality design Pages documents.

Kaunas, Lithuania - Pages Templates App, the developer of add-ons for Apple's Pages application, has launched 100 new Pages themes. All the templates are grouped into 9 categories of documents for Brochures, Business Cards, Cards & Invitations, Envelopes, Flyers, Forms, Letters, Newsletters and Reports.

Pages Themes are ready-made solutions to documents' design, which can be used as a basis for great looking, easy to compose and high-quality design Pages documents. To create a high-quality design document using Pages Themes will not last long and all that time will pass with fun and in an excellent mood. Everyone can be sure that it has become more simple than ever before.

Pages Templates App is available today and every Pages user is just one click from creating an attractive Pages document. Intense and eye-catching colors, ease of use and remarkable background elements are only a few things, which enable to create and print an impressive document easily. Template sizes are standard US Letters and A4. There are some templates with specific size like envelopes.
