

A great way to kill your time - Monster Block

Published on 10/12/11

NBA Mania has introduced Monster Block 1.0.0, its new block game for iPhone, iPad & iPod touch. This app is fairly basic, but great fun and worryingly addictive. Featuring a easy and simple user interface, Monster Block offers multiple languages, as well as OpenFeint support for the puzzle game. To remove the block, touch on a group of two or more same colored blocks. The new color block will be added when game level goes up. You can get the bonus block, if you break more than 5 blocks.

Seoul, Korea, Republic Of - NBA Mania has released and immediate availability of Monster Block 1.0.0, for iOS devices. This app supports the block game with OpenFeint's leader board.

Monster Block is a block puzzle game using OpenFeint that can kill your time and improve your endorphin. This game supports the high score board.

This app is fairly basic, but great fun and worryingly addictive and is designed for both iPhone and iPad. About 100,000 people including android smart phones users are enjoying this app.

Don't care about the timer. Just focus your mobile.
