

iPresentee releases new iWeb Themes for Business

Published on 10/29/08

iPresentee presents five new iWeb themes designed for small business - Target, City, Clarity, Rainbow and Tomorrow. There are a lot of small business representatives that are delaying getting a website for their business and thinking that they don't have the budget, time or skills. Therefore iPresentee has expanded the collection of iWeb Themes for Business to create extra opportunities for entrepreneurs to get business on the web with minimal expenses.

Vilnius, Lithuania - iPresentee, the developer of add-ons for Apple's iWork and iLife applications, releases iWeb Themes for Business 2.0 to be used with Apple's Web site building application, iWeb. iWeb Themes for Business 2.0 includes five new outstanding themes: Target, City, Clarity, Rainbow and Tomorrow.

There are a lot of small business representatives that are delaying getting a website for their business and thinking that they don't have the budget, time or skills. Furthermore while market crisis deepens cost efficiency is one of the most important factors to succeed. Therefore iPresentee has expanded the collection of iWeb Themes for Business to create extra opportunities for entrepreneurs to get business on the web with minimal expenses, time and skills.

Five new, high quality, easy to modify, great-looking and solid iWeb Themes for Business will help to represent business, band, services, products and more on the web. Furthermore all themes can be adapted for developing personal website. With iWeb Themes for Business website can be build in minutes and published on the web with iWeb 2. Each iWeb theme has seven new templates: Home, About Us, Services, Support, Clients, Contact Us and Blank. iWeb Themes for Business includes an installer to make sure the themes end up in the right place.

Additionally iPresentee announces availability of custom design solutions services for iWeb. iPresentee Team offers to develop an entirely custom iWeb theme tailored to specific customer needs.
