Farkle Diced for Halloween is an exciting fast paced dice game for 2 - 4 players. The goal is to survive until your reach 10,000 points. You can try to beat the undead computer players or your zombie friends. You'll have hours and hours of wicked entertainment.

Smart Box Design is known for the attention they place on both the playability and design of their games, and Farkle Diced is no exception. It is humorously designed paying homage to the 1950s B horror movie genre. There are very few dice games available for Apple iOS and Android with the quality and attention to detail that went into creating Farkle Diced. The game, which can be customized to accommodate regional rules, is extremely easy for users to pick up and begin playing upon installation.

"We had a blast making the Halloween version," said Todd Sherman, Smart Box Design's president. "Our players are in for a real treat when they play this classic game wrapped in tongue and cheek spooky theme."
