

## Mapdiva Releases Artboard 1.2 - Optimized for Mac OS Lion

Published on 10/21/11

Mapdiva today announces Artboard 1.2, a major update to their powerful vector drawing software for Mac OS X. Artboard makes it easy to design logos, posters, technical drawings and more. Artboard includes over 1600 awesome styles and fully editable clip art, including speech bubbles, shiny buttons, maps and flags, people factory, and home planning; plus a Library to store your own. Version 1.2 is optimized for OS Lion with strong performance improvements and important usability enhancements.

Indianapolis, Indiana - Mapdiva LLC today is pleased to announce a major update to Artboard, the simple, powerful, fun vector drawing software for Mac OS. Artboard 1.2 is optimized for OS 10.7 "Lion." The update focuses on strong performance improvements and important usability enhancements.

New in this version:

- \* Mac OS 10.7 "Lion" support, including full-screen viewing, resume, versions and autosave preferences
- \* 64-bit native
- \* Ability to apply operations to multiple selected objects
- \* More efficient image handling
- \* Various bug fixes and performance improvements

Workflow enhancements include support for multiple object editing, toolbar access to common operations, and support for image transparency.

Artboard 1.2 makes it easy to design logos, posters, technical drawings and more. Artboard includes over 1600 awesome styles and fully editable clip art, including speech bubbles, shiny buttons, maps and flags, people factory, and home planning; plus a Library to store your own.

System Requirements:

- \* Mac OS X 10.6 or later
- \* 10.7 required for "Lion" features
- \* 64-bit native
- \* 45.8 MB

Pricing and Availability:

Artboard 1.2 is available for \$25.99 USD exclusively through the Mac App Store in the Graphics & Design category. A Free Trial version, tutorials, and more information on Artboard can be found on the Mapdiva website. Artboard 1.2 is a free update for existing users. To easily update, use "Update" in the Mac App Store.
