

## Smartphone Coasters Hold Your iPhone 4S in Style

Published on 11/13/11

newMacgadgets has your new iPhone 4S supported in style with their new Smartphone Coasters. Smartphone Coasters holds all popular models including the iPhone 4S, Droid, Windows 7, BlackBerry & dozens more. These sleek and attractive and stackable stainless steel Coasters are sure to be a hit this upcoming holiday season. Smartphone Coasters make the ultimate promotional product for your business. With upcoming holiday season just around the corner Smartphone Coasters make the perfect gift idea.

San Diego, California - newMacgadgets is pleased to announce their Smartphone Coasters as the perfect stand for the new iPhone 4S. With tens of thousands already sold since introduction last year, Smartphone Coasters have quickly become the accessory of choice for Smartphone owners everywhere.

Smartphone Coasters are sleek and attractive stainless steel stands that compliment any setting to provide an easily accessible base for your phone. Smartphone Coasters holds all popular models including the iPhone 4S, Droid, Windows 7, BlackBerry and dozens more.

The stackable space-saving design makes Smartphone Coasters great for home or office. Smartphone Coasters are also perfect for presentations, conferences, trade shows or for display.

Smartphone Coasters make the ultimate promotional product for your business. Already dozens of companies including The Ritz Carlton, MGM Grand and Hellman International have put their logos on Smartphone Coasters.

With upcoming holiday season just around the corner Smartphone Coasters make the perfect gift idea. At \$4.95 each they are very affordable. For additional details visit newMacgadgets today. Also make sure to see their newest additions, the iPad 2 Wall Mount Display and the iPad 2 Display Dock. Now you can turn your iPad 2 into a powerful presentation tool for business or retail environments.
