

Milk Farm Software Announces Chronograph

Published on 11/13/08

Milk Farm Software today announced the launch of the new product, Chronograph. Chronograph is a Mac OS X time tracking application. List your projects, divide them into tasks and start the timer; it is as easy as that! With its intuitive interface, Chronograph makes time-tracking and reports-generation as unobtrusive as possible.

Saint-Petersburg, Russia - Milk Farm Software today announced the launch of the new product, Chronograph. Chronograph is a Mac OS X time tracking application. List your projects, divide them into tasks and start the timer; it is as easy as that! With its intuitive interface, Chronograph makes time-tracking and reports-generation as unobtrusive as possible.

There are many complex time-tracking applications available, but our goal is to keep process simple and streamlined, by starting with absolutely necessary set of features and gradually expanding it, without adding complexity.

Feature Highlights:

- * Unlimited number of Projects
- * Unlimited number of Tasks per Project
- * Interface optimised for both mouse- and keyboard-control
- * Export in PDF and HTML
- * Instantly create email-drafts with reports

Minimum Requirements:

- * Mac OS X Version 10.5 Leopard or higher
- * Universal Binary for PowerPC and Intel
- * 2.1 MB Hard Drive space

Trial version limitations:

- * Only 2 Tasks can be created
- * Export-functionality is disabled

Pricing and Availability:

Chronograph is a shareware program. Lifetime license costs Euro 15.95. All future updates are free for registered users.
