

Binary Salad releases Boomer's Sky Fishing: First iPhone Game

Published on 11/25/08

Binary Salad Games is pleased to announce the immediate release of Boomer's Sky Fishing, their first game release for the iPhone and iPod Touch. Boomer's Sky Fishing is an addictive game of skill that has you controlling "Big Boomer" the cat as he throws sticks of TNT at unsuspecting fish swimming by. See if you can beat your highest score by blasting unsuspecting fish ever higher with Boomer's TNT!

Gold Coast, Australia - Binary Salad Games is pleased to announce the immediate release of Boomer's Sky Fishing, their first game release for the iPhone and iPod Touch. The application is available today on Apple's App store. Boomer's Sky Fishing is an addictive game of skill that has you controlling "Big Boomer" the cat as he throws sticks of TNT at unsuspecting fish swimming by. Combining slick, colorful graphics with intuitive iPhone and iPod touch controls, Boomer's Sky Fishing is as hilarious as it is addictive. See if you can beat your highest score by blasting unsuspecting fish (and others!) ever higher with Boomer's TNT!

How scoring works: Each type of fish is worth a different multiplier. Your score is based on the multiplier of the nearest fish to the dynamite explosion. This fish is then used for the primary height calculation which is then multiplied by the number of fish also caught in the blast. Each game consists of 5 rounds which are totaled together to form your final score.

Pricing and Availability:

Big Boomer's Sky Fishing is only \$1.99 (USD) and now available from the Apple App Store for the iPhone and iPod Touch.
