

Grantwood Technology Ships QuickFlipCase for Blackberry Storm

Published on 11/26/08

Grantwood Technology, LLC today announced the release of the QuickFlipCase for Blackberry Storm, a premium leather case designed to comfortably secure the Blackberry Storm in place on your belt or waist. The QuickFlipCase features a horizontally designed case with a smooth leather exterior with classic contrast stitching and a sturdy permanent belt clip. The soft leather covering was designed to not only to be protective but to allow easy removal of the Blackberry Storm with just one hand.

Grantwood Technology, LLC today announced the release of the QuickFlipCase for Blackberry Storm, a premium leather case designed to comfortably secure the Blackberry Storm in place on your belt or waist.

The QuickFlipCase features a horizontally designed case with a smooth leather exterior with classic contrast stitching and a sturdy permanent belt clip. It also uses a secure magnetic enclosure for the lid, and simple center push-up hole to allow easy removal of your Blackberry Storm.

The soft leather covering was designed to not only to be protective but to allow easy removal of the Blackberry Storm with just one hand. The magnetic closure is strong but not overpowering and unlike Velcro, it quietly opens and will not wear out. Simply open the lid and slide out the Blackberry Storm with ease. Every aspect of the QuickFlipCase was designed for durability, comfort and style.

"Building on the success of our QuickFlipCase for the iPhone," states Michael Banks, co-founder and CEO of Grantwood Technology, LLC, "we wanted to have a leather Blackberry Storm case designed with all the best features without the expense of competing products."

The QuickFlipCase for the Blackberry Storm is compatible with the recently released Blackberry Storm, and retails for \$18.99 USD.
