

## Tiny Diggers Delivers Learning With Trucks For Kids On The iPad

Published on 02/17/12

A unique and exciting edutainment app for kids hits the iPad and Mac: Canada based TouchTilt Games releases an educational game called Tiny Diggers for kids who love construction trucks and getting their hands dirty. Tiny Diggers is a fun and engaging educational game for Preschoolers, aged 2-5, that puts your child in the seat of popular construction trucks. Drive an excavator while mastering numbers, a dumptruck while learning colours, and a bulldozer to discover basic shapes.

Halifax, Canada - A unique and exciting edutainment app for kids hits the iPad and Mac. TouchTilt Games, a young company based in Halifax, Nova Scotia Canada, releases an educational game called Tiny Diggers for kids who love construction trucks and getting their hands dirty.

"We believe Tiny Diggers has incredible potential in educational kids games on mobile devices as it sets a new standard for engaging them in activities they love while learning fundamentals of shapes, colours and numbers. The game promises to be a rewarding experience for any parent or child who wants to give it a try. My own 5-year-old son played a key role in testing and approving Tiny Diggers to his liking."

Tiny Diggers is a fun and engaging educational game for Preschoolers, aged 2-5, that puts your child in the seat of popular construction trucks. Drive an excavator while mastering numbers, a dumptruck while learning colours, and a bulldozer to discover basic shapes. Each truck's dashboard has fun and interactive movable parts, including a horn, a CB Radio, and big buttons to control the truck. If your child wants a break they can always get their hands dirty in Free Play Mode.

Features Include:

- \* 3 different trucks to control
- \* 3 different games that teach kids about numbers, colours and shapes
- \* Free Play Mode - just dig, dump dirt and explore!
- \* Interactive environments
- \* Animated characters and dozens of sounds throughout the game
- \* No confusing menus or navigation

Professional soundtrack by Hessel Van Hoorn

Game Modes:
