Singapore - DreamZapps today is pleased to announce PikiShooter & PikiShooter HD 1.0 for iOS, is a exciting and challenging physics-based puzzler completed with stunning graphics, intuitive controls and awesome musics. The goal of this game is to shoot the Piki towards into the white bucket in certain amount of shots. PikiShooter & PikiShooter HD is available in the app store under the Games: Puzzle for iPhone, iPad & iPod touch as well.

In each level of PikiShooter, there will be certain elements to block and help Piki to achieve the target:

- \* Red Boxes - Player have to hit the Red Button to switch the Red Box off.
- \* Grey Boxes - Can be knocked over by Piki
- \* Blue Boxes - Give the Piki better bounce
- \* Bumpers - Make Piki bounce like crazy!
- \* Wrap - Piki enter the wrap and come out from the another wrap
- \* Purple Planks - The plank will spin once hit by Piki

PikiShooter & PikiShooter HD - Allows game setting customization enabling players to turn on and off music, changing of backgrounds, changing of trajicon and target mood. Trajicon mood will show the path way which is easier. Player have to aim the target with the right amount of power to shoot the piki. And the Grey planks will spin once hit! Player can shoot the A 3-stars ranking system allows gamers to compete the level by scoring all the stars and get the Piki towards into the bucket.

### Feature Highlights:

- \* 4 worlds with 80 Levels!!
- \* 2 different shooting mode
- \* Retina Display
- \* 3 Stars ranking system
- \* Gorgeous interface design
- \* Professionally drawn graphics
