Ateam Inc. today announced the recent release of Dark Summoner for iPhone, iPad, and iPod touch devices running on iOS 4.2 or later. Dark Summoner throws players into a bitter war against dark forces, including over 350 ghastly beasts, ghouls, and Legendary Dark Lords! Playing as a Dark Summoner, gamers build up an army of allies, gather up powerful creatures to fight with, and bring the centuries long suffering in their ghostly fantasy realm to an end once and for all.

Nagoya, Japan - Ateam Inc., a leading mobile app developer, is excited today to announce the release of Dark Summoner for iPhone, iPad, and iPod touch devices running on iOS 4.2 or later. A free fantasy battle experience, this game throws players into a bitter war against dark forces, including ghastly beasts, ghouls, and Legendary Dark Lords! Becoming a Dark Summoner, it is up to players to build up an army of allies, gather up powerful creatures to fight with, and bring the centuries long war raging in their ghostly fantasy realm to an end once and for all! Featuring over 350 unique monsters, a wealth of original game content to discover, and time-tested RPG battle-play infused with awe inspiring CG animations, this game redefines the mobile fantasy gaming genre. Dark Summoner is currently available for download on the Apple App Store for Free in the Games category.

The player's goal in Dark Summoner is simple: Choose a guild to follow, become more powerful and collect new allies by moving from one mission to the next, and ultimately bring peace to the game's dark fantasy world with the strength of the loyal creature legion you've assembled! Strategy is the key here, as players must defeat creatures and Legendary Dark Lords in battle before they agree to join their ranks. Players can also sacrifice lesser creatures and harness their life force to make their most fearsome monster even more powerful!

Dark Summoner was created to give mobile gamers access to fantasy battling excitement in the spirit of classic turn-based games while harnessing the full advantage of its digital platform to make gameplay more seamless, engaging, and cinematic. The game's monster Summoning and Sacrificing moments are complete with haunting, professionally executed CG sequences too.

Furthermore, the game itself is continually updated with new monsters to find and new special events for players to get in on! Ready for the most immersive mobile gaming experience you've ever encountered? If so, then download Dark Summoner, take your place in front of the Dark Gates, and get on the war path against a fantastic world of monsters, ghoulish creatures, and evil Dark Lords right now.
