Vilnius, Lithuania - iPresentee, the developer of add-ons for Apple's iWork and iLife applications, releases new Keynote Motion Themes 4.0 to be used with Apple's Keynote presentation software. iPresentee presents twelve new Keynote themes. Each theme incorporates background with animated flag of these countries: United States, European Union, Great Britain, Germany, Canada, Spain, France, Japan, Netherlands, Australia, Sweden and Italy. Keynote Motion Themes includes seventeen master slide layouts and high quality moving background graphics. Keynote Motion Themes with moving background graphics contains everything to create modern and dynamic presentation to share ideas with any audience.

Keynote Motion Themes can stand alone to unify a presentation or can be mixed together with other non-motion themes to provide breakpoints. Creating a presentation using Keynote Motion Themes is exactly the same as creating a presentation using the usual themes - you can add, edit, and format text; add photos or movies; and use Keynote's transitions and special effects. New Keynote Motion Themes includes coordinated fonts, colors, moving background graphics, unique bullets and various design styles. Keynote Motion Themes 4.0 includes an installer to make sure the themes end up in the right place and will be displayed in Keynote's themes menu automatically.

Minimum Requirements:

- * Mac OS X 10.4.3 Tiger and later
- * iWork 08 or iWork 09
- * 200 MB Hard Drive space

Pricing and Availability:

Each individual Keynote Motion Theme is priced at \$10 (USD). The package of all twelve themes is also available for \$25. Samples and more information about Keynote Motion Themes 4.0 are available immediately at the iPresentee website.
