Published on 04/30/12

The top rated video tutorial app - SCOtutor for Mac - is now available as a free download from the Mac and iTunes App Stores. Designed with both new and experienced Mac users in mind, SCOtutor for Mac contains nearly three hours of video content. The tutorial assumes no prior knowledge of the Mac, and guides you from first principles to achieve a comfortable working knowledge of how to use a Mac. SCOtutor for Mac is now the #1 Free Education App in the UK & US on the Mac App Store.

Liverpool, United Kingdom - SCOtutor for Mac is a video tutorial application available for both the Mac and iOS, and is now available for free download from both the Mac and iTunes App Stores. Since release as a free App, SCOtutor for Mac is the #1 Free Education App on the Mac App Store in both the US and UK.

Created by ScreenCastsOnline, acknowledged as one of the premier sources for Mac and iOS video training on the web, SCOtutor for Mac is designed with both new and experienced Mac users in mind. With nearly three hours of video content, the tutorial assumes no prior knowledge of the Mac, and guides you through, from first principles to achieving a comfortable working knowledge of how to use a Mac.

Perfect for new Mac users or switchers from Windows.

Although no prior knowledge is assumed, experienced Mac users can still pick up lots of hints and tips as SCOtutor for Mac is the perfect refresher to quickly optimise your Mac knowledge.

The video tutorial is presented as a standalone application, downloadable from the Mac App Store or via the iTunes App Store. It contains an optimised video player that gives the viewer full playback control. The tutorial is arranged into easy navigable chapters, available from a pop up chapter list, allowing for the tutorial to be used as an easily accessible reference guide. It even remembers where you are up to in the tutorial, so you can quickly resume from where you left off.

Fully accessible, the tutorial also contains full English subtitles which can be switched on or off by a simple onscreen menu or keyboard shortcut.

The iPad/iPhone version has full Airplay support to allow you to play the tutorial on a HDTV or large screen projector.

Both versions of this great resource are available to download for free from the Mac App Store (currently the #1 Free App in Education in the UK, US and other countries) and from the iTunes store.

Download the Mac version and keep it on your Mac as a great reference guide.

Download the iOS version and play it on your iPad whilst you follow along on your Mac.

This unique application has many innovative features:
