

The Australia Merlin OS X Project Management Tour

Published on 06/20/12

ProjectWizards, the professional project management software for Mac OS X from Germany, and PureMac, Australia, announce the first live Merlin OS X Projectmanagement training events in Australia. The limited seating 2-day mac workshop sessions will leverage traditional project management best practices in order to demonstrate how to effectively use Merlin to manage projects on Mac OS X or iPad iOS. The certificate granting training sessions, in English, are for registered Merlin 2 users.

Sydney, Australia - ProjectWizards (the professional project management software for Mac OS X from Germany) and PureMac (Australia) announce the first live Merlin OS X Project management training events in Australia.

The limited seating 2-day mac workshop sessions will leverage traditional project management best practices in order to demonstrate how to effectively use Merlin to manage projects on a Mac (OS X) or iPad (iOS). The right technical education can help you to realize a higher return on your Apple software investment right away. With professional development, you will reduce the time spent learning and reach a higher level of productivity. The training sessions are for registered Merlin 2 Users from Australia, New Zealand, Singapore, Malaysia and Indonesia. The Course language is english and a Merlin training certificate is granted.

Merlin 2 Training Base:

Sydney:

July, Thurs 19th - Merlin Course Day 1, 9:00 AM - 5:00 PM

July, Fri 20th - Merlin Course Day 2, 9:00 AM - 5:00 PM

July, Mon 30th - Merlin Course Day, 9:00 AM - 5:00 PM

July, Tues 31st - Merlin Course Day 2, 9:00 AM - 5:00 PM

Melbourne:

July, Thurs 26th - Merlin Course Day 1, 9:00 AM - 5:00 PM

July, Fri 27th - Merlin Course Day 2, 9:00 AM - 5:00 PM

Details:

For more detailed information (Mac hardware, Course, Location, Price) contact: PureMac Australia or visit the ProjectWizards Website. Early bird discount available until June 30th, 2012.

Trainer:

Our trainers have many years experience working in their field. During the training they combine their technical knowledge (in Project Management and Mac Software at all) and years of working experience to answer real-life questions and demonstrate situations that come up in a typical OS X work environment. Mr. Frank Blome, founder and CEO of ProjectWizards, will be the key trainer for all the training sessions in Australia.

Business Partner:

ProjectWizards and PureMac Lty can customize Apple Business software trainings to suit all kind of Mac customers requirements and provide customized solutions. Users who are interested in obtaining more information about having a private class held their location, or want to know about public classes in the area, please send an email.

ProjectWizards was founded in 2001/2002 by Frank Blome, whose professional project management experience spans more than 15 years and companies of all sizes, from small IT shops to worldwide groups such as Bertelsman. In addition to their extremely successful Mac project management application, Merlin, ProjectWizards also offer professional project management and related services. The current ProjectWizards team encompasses professional project managers, software experts, Macintosh enthusiasts, trainers and partners in both Europe and North America. ProjectWizards' global network means that professional and responsive project management solutions can be provided to help any project succeed. Copyright (C) 2012 ProjectWizards. All Rights Reserved.
