About Timestream Software

TimeStream Software is the leader in the development of Notescast titles for the iPod Classic, iPod 5th Generation, iPod nano, iPhone and iPod touch. TimeStream Software's new Notescasts web site is a digital download store which allows anyone to develop and post their own Notescasts or download a Notescast from a growing selection of free and inexpensive titles. What the App Store is to the iPhone, the Notescasts web site is to the iPod Classic and iPod nano.

In addition, TimeStream Software's Notescasts(TM) work as powerful new mobile marketing tools by allowing companies to extend their web site, marketing and branding content to an all new customer channel of an estimated over 100 million iPod and iPhone users.

Notescasts(TM) consist of up to 1,000 pages of interactive copy embedded with links to related photos, video, text and more, and are installed to the "Notes" feature found on nearly every iPod Classic, iPod 5th Generation and iPod nano in use today. Notescasts for the iPhone and iPod touch install as stand-alone apps.

Additional Notescast titles include the newly updated 2009 Walt Disney World Resort Notescast, Walt Disney World Secrets Notescast, Disney's Animal Kingdom Hidden Mickeys Notescast, Glacier National Park Notescast and more. Learn more about Notescasts at the Notescasts web site online or TimeStream Software's web site. Media: Contact TimeStream Software for graphics and a sample Notescast title to install and review on your own iPod.
