

Word Frazzle! - Addictive Word Game Released by Apps On The Move

Published on 07/31/12

UK based Apps On The Move today introduces Word Frazzle! 1.0, its exciting new word game for iPhone, iPod touch and iPad. A deceptively simple game, Word Frazzle! combines word power with an against the clock race to gain points and make strategic use of powerups to become the worlds top Word Frazzler. Players are presented with anagrams of varying sizes and try to make as many smaller words as possible before using up all the letters. As the levels progress so does the difficulty.

Birmingham, United Kingdom - Apps On The Move is pleased to announce the release of Word Frazzle! to the App Store. Word Frazzle! is an exciting word game from the developer of the leading iOS personal wiki Trunk Notes. The game combines word power with an against the clock race to gain points and make strategic use of powerups to become the worlds top Word Frazzler. Word Frazzle! is compatible with the iPhone, iPod touch and iPad and is now available for download on the App Store for \$0.99 (USD).

Word Frazzle! is a deceptively simple game. Players are presented with anagrams of varying sizes and must watch the clock as they try to make as many smaller words as possible before using up all the letters. Players are punished with poor spelling or for guessing words by removing points for incorrect guesses. If either their points or time runs out it is game over. Strategic thinking will make careful use of gained powerups to help solve the anagram, get free new words, extra time or more points. As the levels progress so does the difficulty of the anagrams and decreased time in which to solve them.

In addition to points and higher levels players work to gain achievements such as completing levels quickly or reaching elusive bonuses. When the game is over scores are submitted to the Word Frazzlers leaderboard on Game Center.

Word Frazzle! is an App Store word frazzler that will keep players entertained and frustrated for hours as they test their word power and thinking speed to the limit!

Device Requirements:

- * iPhone 3GS, 4, 4S, 3/4 Gen iPod touch or iPad
