Jacksonville, Florida - DateBase Inc. introduces ServedHOT, a mobile app for both iPhone and Android devices. ServedHOT allows users to find, enter and vote for HOT employees around their location in various categories. Users are able to add and vote for their favorite HOT bartenders, doctors, hairdressers, bankers, salespeople, waiters, waitresses and more. Profiles can also be claimed by the employees to provide photos, bio, and other information.

ServedHOT was initially marketed only in the Jacksonville area where it has collected over 300 employees and garnered over 3 thousand votes.
