

New App Postcard Lets Users Send Real Postcards with Custom Photos

Published on 08/28/12

New postcard app, Postcard - Individually Designed, Sent Worldwide 1.0, from Vukee, lets users send a real postcard to anyone in the world featuring custom photos and their personal signature. Users send a stamped postcard bearing their personal signature to anyone in the world. Users choose photos from their archive, Facebook or Instagram, and create a truly memorable postcard. The app is designed for iPhone, iPad and iPod touch, and comes with a 100 percent satisfaction money back guarantee.

Cupertino, California - People who want to send a truly memorable greeting to a friend, family member, acquaintance, customer, or anyone else can easily do so by downloading the new app Postcard - Individually Designed, Sent Worldwide.

Designed by vukee, Postcard - Individually Designed, Sent Worldwide lets users send a stamped postcard bearing their personal signature to anyone in the world. They simply choose photos from their archive, Facebook or Instagram, and then use the app's simple interface to create a truly memorable postcard. Once finished, they select the addressee from their address book, add their signature for a personal touch, purchase postage via PayPal or credit card, and enjoy quick worldwide distribution.

"While electronic communication such as email can be an effective way to communicate, for some occasions nothing can replace the unique pleasure of receiving a personalized postcard from someone who cares," commented Merle Dehn of vukee. "Postcard - Individually Designed, Sent Worldwide is a blend of the old and the new. It captures the traditional fun and pleasure of postcards, and brings it into the 21st century with digital signatures, customized photos, electronic postage payment, and mobile device technology. The app is perfect for sending invitations, sharing vacation experiences, businesses that want to reach their customers in a unique way, and so much more!"

Postcard - Individually Designed, Sent Worldwide, the new postcard app that lets users send real postcards with customized photos and their personal signature, is available now in the iTunes App Store. Users also enjoy a money back guarantee if they aren't 100% satisfied. Since its release, the app has garnered 5-star reviews from satisfied users.

We are Vukee and we make the world more colourful with apps. As a mad bunch of creative app junkies, each with a different background, artistic talent and experience in the global marketing of app innovations, our teams came together in Hamburg, Stuttgart and Palo Alto. We get up with apps in the morning and go to bed with apps at night. In between, we work hard on cool applications for all types of systems and genres. Copyright (C) 2012 Vukee. All Rights Reserved.
