Stone Design today announces Twittelator Neue 2.3 for iOS, a feature packed update to its best of breed, next generation Twitter client. Twittelator Neue is the perfect Twitter client for both new and seasoned Twitter users alike. The fluid animations make for an immersive experience. Designed to take advantage of the Twitter integration in iOS, Twittelator Neue leapfrogs the current flock of Twitter apps with its beautiful design, innovative features, and blazingly fast performance.

Albuquerque, New Mexico - Just in time for the iPhone 5 release, Stone Design today released the latest Twittelator Neue to run on the new iOS 6 and new taller iPhone 5's.

You: have new iPhone 5 or iOS 6.

We: have your new ultimate Twitter experience Twittelator Neue and its I-won't-pay-for-a-twitter-app sister Twittelator Free.

The Twittelator Neue App, a best of breed, next generation Twitter client, available on the App Store for iPhone and iPod touch, is now 4" Retina ready! Designed to take advantage of the Twitter integration in iOS, Twittelator Neue leapfrogs the current flock of Twitter apps with its beautiful design, innovative features, and blazingly fast performance. Twittelator Neue is the perfect Twitter client for both new and seasoned Twitter users alike.

Stone Design's CEO, Andrew Stone said "Amidst the perfect storm of a brand new iPhone and Twitter requiring Twitter clients to behave consistently to a new set of requirements, we have delivered a uniquely media rich Twitter client solution, unparalleled on the iPhone. You can tap anyone and see a gallery of the photos they have posted."

Major Features in v2.3 include:

- * Design. With an all new Tweet detail design, the media inside of a tweet is fully displayed, including web, map and photo previews. The fluid animations make for an immersive experience.
- * Autocomplete. Finding #hashtags and friends has never been easier! While you compose, any matching completions are provided for instant insertion.
- * Global Twitter Search. Search automatically finds people, tweets and hashtags related to any search. Never has it been easier to find new content fast.
- * Instant Account Switching. Tap and hold top bar to instantly switch accounts anywhere.
- * More Font Choices. Make the Tweet font bigger or smaller, bolder or lighter
- * Import System Twitter Accounts. All of your iOS Twitter accounts added through Apple's Settings app are immediately available to you.
- * Saved Twitter Searches. Any search can be saved to Twitter's persistent searches. All of your saved searches are always available.
- * Regional Trends. A map of the world with location having their own trends makes it easy to track regional trends around the globe.

* **Tweet Replies.** "Where's the best sushi in San Francisco?". Twittelator Neue automatically loads any replies to a tweet you tap, as well as any conversation thread that the tweet belongs to.

* **Performance.** We take performance so seriously that we consider it a feature. Twittelator Neue 2.3 reflects that with many performance and stability improvements.

Features of the Twittelator Neue App include:

* **Timeline Photos.** Twittelator Neue places previews of photos directly under the tweets they came from. With just a single touch, the photo springs to life, giving you immediate access to the full-size image.

* **Website Previews.** No longer will you wonder what's behind the curtain of a shortened URL. Twittelator Neue loads previews of the links in a tweet. A quick tap and the website is at the ready. It's a site-seeing sneak peek.

* **Multiple Timelines.** Twittelator Neue elegantly allows for the addition of multiple timelines, known as Timeline Shortcuts, to your main friends Timeline. Whether it's something hot in the news that you're keen to keep tabs on, or something of a more permanent nature, Multiple Timelines in Twittelator Neue is the smart solution to keeping up with what's important.

* **Multiple Accounts.** Have a blog, band, or alter-ego that has tweets of its very own? Twittelator Neue has you covered. Just touch the accounts button and the interface animates down, providing instant access to any given one.

* **Simultweet.** When you want to tweet the same thing from multiple accounts - let's say an announcement, invitation, link, or anything else - Twittelator Neue makes it a breeze. A tap or two and you're all set. Simultweet in Twittelator Neue handles all of your multiple-personalities with ease.

* **Timeline Galleries.** Get a bird's eye view of the photos in a timeline. Timeline Galleries in Twittelator Neue presents photos with stunning, fluid animations.

* **Recent User Photos.** Just tap on a person's profile picture and get a glimpse into the things they've been snapping lately.

Device Requirements:

- * iPhone, iPad, or iPod touch
- * Requires iOS 5.0 or later
- * 24.8 MB
