Published on 03/18/09

Tidal Pool Software is pleased to announce the release of Packing List 1.0 for Apple iPhone and iPod Touch. Packing List makes it easy to pack for trips and vacations. Start packing using one of the included template packing lists or start a new list from scratch. Packing List is very customizable and easy to use. Set up your own custom packing lists for different types of trips. Easily edit or add new categories and items.

Victoria, British Columbia, Canada - Tidal Pool Software is pleased to announce the release of Packing List 1.0 for Apple iPhone and iPod Touch. Packing List makes it easy to pack for trips and vacations. Start packing using one of the included template packing lists or start a new list from scratch. Packing List is very customizable and easy to use. Set up your own custom packing lists for different types of trips. Easily edit or add new categories and items. Include important details about your items such as their value and description. Export your packing list via email and keep an itemized inventory of everything with you when you travel!

Key Features:

- * Manage packing for multiple trips
- * Track packing progress for each trip
- * Easy item packing and unpacking
- * Unlimited, multiple undo support while packing
- * Create custom packing lists or use one of the included template lists (e.g. adventure, backpacking, vacation, business trips)
- * Includes 14 categories and support to add your own custom categories
- * Large 250 item database
- * Optimized performance for handling large packing lists
- * Add custom items with a description (such as a serial number), value (for customs and insurance), and quantity
- * Export packing lists via email

Requirements:

- * Apple iPhone OS 2.2.1 or later
- * Apple iPhone, iPhone 3G, or iPod Touch

Pricing and Availability:

Packing List is available now for purchase on the Apple App Store for just \$1.99 (USD).
