

Singing Monster Nutcracker feat Dracula, Frankenstein, Wolfman, Zombie

Published on 09/27/12

Rino Workshop introduces Singing Monster Nutcracker 1.0 for iPad. This hilarious new, interactive, monster pal app on the iPad, features Nutcrackers created in the likenesses of a Frankenstein, Wolfman, Dracula and Zombie. Users have fun making the characters sing songs from the preset tunes, or play their own music with the built-in keyboard. Monsters can listen and respond. Users just pull up the mic and they'll answer yes or no questions.

St. Charles, Missouri - Brand new, and just in time for the Halloween season comes Singing Monster Nutcracker 1.0 for iPad. Your hilarious new, interactive, monster pal on the iPad, features Nutcrackers created in the likenesses of a Frankenstein, Wolfman, Dracula and Zombie.

The app is available now for just \$0.99 USD. Have fun making the characters sing songs from the preset tunes, or play your own with the built-in keyboard! Each spooky Nutcracker has it's own preset sounds to sing with, or you can even record your own.

Feature Highlights:

- * Monsters can listen and respond - just pull up the mic and they'll answer your yes or no questions
- * Poke his eyes and nose and he'll respond
- * Even if you knock him out, he'll keep coming back for more
- * Of course, with any Nutcracker, he gets hungry, so be sure to feed him

Also available on the App Store for just 99 are the other nutcracker themed apps:

- * Singing Nutcracker: Holiday Edition, feat Santa and Elf
- * Singing Nutcracker: U-nut-ed States Edition, feat President Obama, Mitt Romney and Uncle Sam

Device Requirements:

- * Requires iPad with iOS 4.0 or later
- * 36.0 MB

Pricing and Availability:

Singing Monster Nutcracker 1.0 is only \$0.99 USD (or equivalent amount in other currencies) and available worldwide exclusively through the App Store in the Entertainment category.
