

SketchUp + 5.0 Released - A real Art Experience for iOS

Published on 09/29/12

Patron Technosoft has announced SketchUp + 5.0, its new drawing app for iPhone, iPad and iPod touch. SketchUp + comes with a range of features like character design; choosing any character you wish to sketch on. Aspiring artists can choose vectors, writing text, selecting backgrounds and much more. The app sports an easy to use interface for drawing/sketch, typing or any other professional work. Import and export any picture from library or elsewhere.

Hyderabad, India - Patron Technosoft is happy to announce the release of their first app in the Entertainment category for the iOS users - SketchUp +. This app has already created a sensation ever since it got released on the app store in many countries. This app provides one of the most advanced features allowing the users to experience one of the unique ways of illustration. SketchUp + is fun for children and also for professionals.

SketchUp + is an app that comes with a range of features like character design, choosing any character you wish to sketch on, choosing vectors, writing text, selecting backgrounds and many more. SketchUp + provides a very simple, yet loaded with all features kind of interface, enabling any user to use it without any previous knowledge or experience. The Most advanced features include:

- * Easy to use interface for drawing/sketch, typing or any other professional work
- * Change the alignment, size and position of text the way you want
- * Choose any background or in-built landscape images before you begin your work
- * Save your work instantly
- * Import & export any picture from library or elsewhere and make changes the way you desire
- * Send your work through message, imessage, whatsapp or any other service provider
- * Copy and paste any text from any source to the clipboard and make changes accordingly
- * Share your work instantly via Email, Facebook and Twitter
- * This app doesn't require any Internet connection

"During the designing phase, it was very important for us to develop an interface which could be user friendly and compact with all the features", commented David Archer, Chief Designer of Patron Technosoft.

So get ready to experience one of the ultimate app, which allows each and every user to explore their imagination with the kind of feel, they want.

Device Requirements:

- * iPhone 3GS, iPhone 4, iPhone 4S, iPhone 5, iPod touch and iPad
- * Requires iOS 4.3 or later
- * 38.0 MB
